

Put Your Resources
Where They Will Make You The Most Money

As experts in the travel business, GTX Centre (GTXC) understands the challenges you face in streamlining your back-end processes. We also understand that administration is the vital cog in businesses that keeps other strategic business units in top gear, cutting overheads, eliminating inefficiencies and generating more revenue.

GTXC can provide highly skilled and streamlined administrative support where-ever and whenever you need it. GTXC offers various engagement models - part-time, fixed-term or ad-hoc, making GTXC the most cost-effective way of running your travel business.

What Do We Offer?

GTXC offers a customized, cost-effective solution to travel businesses, combining the expertise of a highly skilled team with several years of domain expertise, cutting-edge technology and world-class infrastructure support. Before taking on a client, GTXC will undertake an intensive onsite study of your existing work processes and recommend changes to optimize your internal resources.

GTXC specializes in building a customized platform that will not just reduce your operational costs, but also dramatically increase your efficiency, so that you can then direct your key resources towards growing your travel sales.

Leave It to the Xperts

GTXC will provide you an extraordinary level of expertise at a fraction of the cost of what it takes to build your own travel management department. We will:

- Align our staff skills to your core business objectives
- Provide you a dedicated resource team that will save your full-time staffing cost
- Improve your travel program's performance
- Seize advantage of GTXC's other services at preferred prices
