

We Offer Travel Business Transformative Services
All Under One Roof

Turtle Travel Club
Going the Extra Mile

Turtle Travel (TTC) enables Travel Management Companies (TMCs), Online Travel Agencies (OTAs) and Travel Agents expand their businesses and increase their cost-effectiveness through multiple distribution channels. TTC drives up sell and cross sell opportunities for travel agents and assists in providing value-added services to their customers in a B2B mode.

What Do We Offer?

TTC offers a host of services under one, common roof to enable automation of travel companies so agents, who don't have the global outreach and access to retail sales can run and operate their businesses profitably, cost-effectively and efficiently.

At TTC, we realize that it's important for travel businesses to leverage technology and New Age media to deliver high-value customer satisfaction. TTC offers this kind of business transformative service to all travel partners, regardless of their scale of operations or size.

Our deep domain expertise, strong network of qualified and experienced resource personnel and a strong focus on operational excellence can help expand your reach and revenue on online and offline channels, decrease your operational costs and provide differentiated services and high level customer satisfaction.

Our Key Proposition

If you are a stand-alone agency, web enabling your business can generate massive business volumes and yield high returns on your investment. TTC's integrated solutions are designed to reduce manpower, trim costs, increase your sales, increase employee productivity and automate and improve your customer relationship management.
